

Oaklands Junior School

Information sent out:

23rd June 2017

Dear Parents/Guardians

Please be aware that following safeguarding recommendations we now have in place a new security card entry system to all main entrances to the school, which replaces the old keypad entry system. Only members of staff have access to this system and all the children have had the new entry system explained to them.

Therefore if your child is late they must be taken **by you** to reception to be signed in, which is the standard procedure for any child that arrives at school after 8.50am; the children will not easily be able to gain access to their classroom from the playground after this time.

RegardsThe School Office
