

Our Big Red Bus Project

In our 2nd October News Update, we told you about a new 'double decker' resource area we are planning to install on the site. **We need to push the project on now and require the following help:**

- We need to put the bus on a hardstanding, we have received quotes for this, and it is looking at costing around £4,800! Can YOU help? Perhaps you are a builder or you know someone who has the tools and the know how to do this for free or at a reduced price.
- A solution to get the bus onto the site. We can get it to the Butler Road gate but will then need to tow / pull it onto the edge of the field. Can YOU help?
- We will also need to install electrics for lights and heating. Can YOU help?
- Fencing off the underneath of the bus to keep small children from crawling under. Can YOU help?

In return, we would be pleased to advertise sponsors on the big Red Bus. If you are unable to help with the above but you know a company who would like to pay to advertise on our bus then please let us know.

Please contact the school office, preferably by email at:
